

Miriette Solomon, RN Midwife

**MIRIETTE SOLOMON, RN MIDWIFE PICTURED WITH
DR. VAVAL DARDIGNAC**

Miss Miriette Solomon is our registered nurse midwife since 2010. Miss Miriette worked in the clinic in Jacquesyl until a benefactor offered her the opportunity to train as a midwife in the Midwives for Haiti Program which is based in Hinche, Haiti.

After training for fourteen months and graduating at the top of her class, she returned in 2010 to serve the community of Jacquesyl. December 2016 marked her five year anniversary.

With a team of doctors and Miriette, the clinic delivered 58 babies in 2017. Word has spread about the excellent prenatal care and birthing outcomes so mothers are choosing to travel to Jacquesyl for their prenatal, delivery and post part care. Miss Marietta's work now grown travels to neighboring towns to give prenatal care.
